Dear Mr. Sessions:

I am, and have been for many years, a producer of pecans from Crisp County, Georgia. I also am serving as Chairman of the Georgia Agriculture Commodity Commission for Pecans. I support the Country of Origin Labeling Bill with an exception. My concern is that as written, **it does not cover pecans**. As a pecan producer, I would encourage the USDA to take appropriate steps to do what is necessary to have pecans included in the Country of Origin Labeling. Pecans are being imported into the USA from other countries, and it would be beneficial for consumers to know the origin of the pecans they are buying.

Thank you for your time and consideration to this request as I feel pecans were unfairly eliminated from the Country of Labeling Bill, and I wished to express my concerns.

Sincerely,

C. M. "Buddy" Leger
